## How to obtain a post-graduate (residency) training position in the US

Many medical students and physicians in the United States have used CanadaQBank.com to study for their licensing exams.

Our QBank for the MCCEE has multiple-choice questions that are very similar in content and style to the questions tested on the USMLE Step 2 CK. They also cover the same subjects tested on the USMLE Step 2 CK.

Our QBank for the MCCQE Part 1 has long-form multiple-choice questions and cases that are very similar in content and style to the questions and cases tested on the USMLE Step 3.

In addition, the cases in our QBank for the MCCQE Part 2 are very similar in content and style to the OSCE cases tested on the USMLE Step 2 CS.

## Careers

CanadaQBank® continues to develop the very best questions and cases for the Medical Council of Canada Evaluating and Qualifying exams: the MCCEE, the MCCQE Part 1 and the MCCQE Part 2, and now the USMLE Step 1! We would like to hire motivated and talented physicians who can contribute their time and knowledge to our QBanks.

# Testimonials

"I am a Canadian IMG who studied for MCCEE during my clinical rotations in the US. I passed on my first attempt with only 1 month of study time using only the CanadaQbank. I feel if I had spent a little more time with just the Qbank, I would have scored much higher. Considering the short amount of time I had, I am glad I had CanadaQbank to help me get through the MCCEE. Thank you!"
